

## **AN INTRODUCTION TO EAAP AP/HF COMPETENCES**

**Michaela Schwarz & Gunnar Steinhardt**

**30<sup>th</sup> September 2020 – 12.30-15.30 CET**

This session will introduce a draft list behaviour-based competencies (a combination of skills, knowledge and attitudes) for aviation psychologists and human factors specialists, developed in the corresponding EAAP working group. The work is based on the current state of international regulations, training requirements, as well as information provided by selected subject matter experts in the aviation industry and beyond.

The final list of competencies will be presented and endorsed in the 2021 business meeting.

**All members are welcome to contribute.**
